

ASSIGNMENT #1

DATE: ASSIGNED SEPTEMBER 9, 2021, DUE: SEPTEMBER 23, 2021

This assignment is an attempt to get you used to using \LaTeX for your assignments.

For every single assignment there will be two requirements:

- (1) copy the question for every submission (I will provide you with the \LaTeX source)
- (2) submit the PDF copy of your \LaTeX document

You will not receive a grade for any question that you fail to do this.

Question:

- (1) Compose a \LaTeX document using the template found in eClass. Tell me something about yourself. I'm not super concerned about content here, I want to get you write about a page with proper spelling and grammar. Here are some suggested questions:
 - Where did you grow up?
 - What was your last math class?
 - What did you learn in that class?
 - How did you fare during the last year with much of it in lock down?
 - or were you somewhere where there was no confinement?
 - What was the best thing you did? What was the worst?
 - What is your daily routine now?
 - What are your plans for the future?

Your written explanation should include the following \LaTeX elements.

- (a) A [list](#) with the `enumerate` or `itemize` environment
- (b) An [image](#) centered left to right
- (c) A [table](#) with two columns and 4 rows
- (d) A [bibliography](#)
- (e) An [equation](#)
